Caution Regarding Forward-Looking Statements

Bank of Montreal's public communications often include written or oral forward-looking statements. Statements of this type are included in this Annual Information Form (including documents incorporated by reference), and may be included in other filings with Canadian securities regulators or the U.S. Securities and Exchange Commission, or in other communications. All such statements are made pursuant to the "safe harbour" provisions of, and are intended to be forward-looking statements under, the United States Private Securities Litigation Reform Act of 1995 and any applicable Canadian securities legislation. Forward-looking statements may involve, but are not limited to, comments with respect to our objectives and priorities for 2014 and beyond, our strategies or future actions, our targets, expectations for our financial condition or share price, and the results of or outlook for our operations or for the Canadian, U.S. and international economies.

By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions, forecasts, conclusions or projections will not prove to be accurate, that our assumptions may not be correct and that actual results may differ materially from such predictions, forecasts, conclusions or projections. We caution readers of this Annual Information Form not to place undue reliance on our forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed in the forward-looking statements.

The future outcomes that relate to forward-looking statements may be influenced by many factors, including but not limited to: general economic and market conditions in the countries in which we operate; weak, volatile or illiquid capital and/or credit markets; interest rate and currency value fluctuations; changes in monetary, fiscal or economic policy; the degree of competition in the geographic and business areas in which we operate; changes in laws or in supervisory expectations or requirements, including capital, interest rate and liquidity requirements and guidance; judicial or regulatory proceedings; the accuracy and completeness of the information we obtain with respect to our customers and counterparties; our ability to execute our strategic plans and to complete and integrate acquisitions; critical accounting estimates and the effect of changes to accounting standards, rules and interpretations on these estimates; operational and infrastructure risks; changes to our credit ratings; general political conditions; global capital markets activities; the possible effects on our business of war or terrorist activities; disease or illness that affects local, national or international economies; natural disasters and disruptions to public infrastructure, such as transportation, communications, power or water supply; technological changes and our ability to anticipate and effectively manage the risks associated with all of the foregoing factors.

We caution that the foregoing list is not exhaustive of all possible factors. Other factors could adversely affect our results. For more information, please see the discussion on pages 30 and 31 of the 2013 MD&A, which outlines in detail certain key factors that may affect Bank of Montreal's future results. When relying on forward-looking statements to make decisions with respect to Bank of Montreal, investors and others should carefully consider these factors, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. Bank of Montreal does not undertake to update any forward-looking statements whether written or oral, that may be made from time to time, by the organization or on its behalf, except as required by law. The forward-looking information contained in this document is presented for the purpose of assisting our shareholders in understanding our operations, prospects, risks and other external factors that impact us specifically as at and for the periods ended on the dates presented, as well as certain strategic priorities and objectives, and may not be appropriate for other purposes.

Assumptions about the performance of the Canadian and U.S. economies as well as overall market conditions and their combined effect on Bank of Montreal's business, including those described under the heading Economic Developments and Outlook in the 2013 MD&A, are material factors we consider when determining our strategic priorities, objectives and expectations for our business. In determining our expectations for economic growth, both broadly and in the financial services sector, we primarily consider historical economic data provided by the Canadian and U.S. governments and their agencies.

CORPORATE STRUCTURE

Bank of Montreal started business in Montreal in 1817 and was incorporated in 1821 by an Act of Lower Canada as the first Canadian chartered bank. Since 1871, the Bank has been a chartered bank under the *Bank Act* (Canada) (the Bank Act), and is named in Schedule I of the Bank Act. The Bank Act is the charter of the Bank and governs its operations.

The Bank's head office is 129 rue Saint Jacques, Montreal, Quebec, H2Y 1L6. Its executive offices are 100 King Street West, 1 First Canadian Place, Toronto, Ontario, M5X 1A1.

Bank of Montreal brands the organization's member companies as BMO Financial Group. Page 182 of the 2013 Financial Statements lists the intercorporate relationships among Bank of Montreal and its principal subsidiaries. We incorporate this page by reference. These subsidiaries are incorporated under the laws of the state, province, or country of their head or principal office, except for BMO Harris Financial Advisors, Inc.; BMO (U.S.) Lending, LLC; BMO Global Capital Solutions, Inc.; BMO Capital Markets Corp.; BMO Harris Financing, Inc.; BMO Financial Corp.; BMO Asset Management Corp.; psp Holdings, LLC; and BMO Capital Markets GKST Inc. Each of these is incorporated in Delaware.

GENERAL DEVELOPMENT OF THE BUSINESS

Three Year History

As of July 31, 2013, BMO was the fourth largest chartered bank in Canada in assets, equity, and market capitalization.

On April 28, 2011, the Bank acquired Hong Kong-based Lloyd George Management ("LGM"), for cash consideration of \$82 million, subject to certain post-closing adjustments. We also included contingent consideration of approximately \$13 million in the purchase price related to this acquisition based on meeting certain revenue thresholds. During the year ended October 31, 2011 we increased the purchase price by \$15 million to \$110 million based on revaluation of net assets acquired and finalization of working capital adjustments. During the year ended October 31, 2012 we decreased our estimate of the contingent consideration to \$3 million and during the year ended October 31, 2013 we further decreased it to nil. Prior to the acquisition, LGM was an independent investment manager specializing in Asia and Global Emerging Markets. The acquisition expanded the Bank's investment management capabilities in Asia and emerging markets to meet clients' growing demand for global investment strategies and at the time of closing, added approximately \$5 billion to the Bank's assets under management.

On July 5, 2011, the Bank acquired Marshall & Ilsley Corporation (M&I) for approximately \$4.1 billion in the form of approximately 67 million common shares issued to M&I shareholders. At the same time, certain bank mergers also happened. M&I Marshall and Ilsley Bank, M&I Bank N.A. (the successor to M&I Bank FSB) and The Harris Bank N.A. merged into what is now named BMO Harris Bank N.A. In addition, immediately before the transaction closed, a subsidiary of the Bank purchased from the U.S. Treasury M&I's outstanding Troubled Asset Relief Program, or TARP, preferred shares and warrants for cash, worth approximately US\$1.6 billion. For the M&I acquisition, the Bank filed a Business Acquisition Report on Form 51-102F4 on July 22, 2011 on SEDAR. This report is available under the Bank's profile at www.sedar.com.

When we closed, the acquisition of M&I added \$29 billion in loans, after adjusting for expected credit losses, and \$34 billion in deposits. This more than doubled the Bank's U.S. branch count and added approximately one million customers.

On August 1, 2012, the Bank acquired a 19.99% interest in COFCO Trust Co., a subsidiary of COFCO Group, one of China's largest state-owned enterprises with operations across a variety of sectors, including agriculture and financial services. The investment provides an effective vehicle to expand the Bank's offering to high net worth and institutional clients in China.

On October 15, 2013 the Bank announced the appointment of Franklin J. Techar as Chief Operating Officer, BMO Financial Group effective November 1, 2013. Mr. Techar assumed overall accountability for the Personal & Commercial and Wealth Management businesses, as well as responsibility for associated operational aspects of the Technology & Operations and Marketing functions.

BMO has had common share buyback programs in place for two of the last three years. The 2013-2014 program will expire on February 1, 2014, and the Bank purchased an aggregate of 10,737,100 common shares as of December 1, 2013 under the program.

On December 3, 2013, BMO announced its intention, subject to the approval from the Office of the Superintendent of Financial Institutions and the Toronto Stock Exchange, to initiate a new share buyback for up to 15,000,000 of the Bank's common shares, commencing on or about February 1, 2014, after the expiry of the 2013-2014 program. The timing and amount of any purchases under the program is subject to regulatory approvals and to management discretion based on factors such as market conditions and capital adequacy.

For additional information on the general development of BMO's business and our strategies for the upcoming year, see pages 27 to 29 and 44 to 59 of the 2013 MD&A, which we incorporate here by reference.

This Three Year History section contains forward-looking statements. Please see the Cautionary Statement on page 2.

DESCRIPTION OF THE BUSINESS

Business

BMO offers a broad range of products and services directly and through Canadian and non-Canadian subsidiaries, offices, and branches. As of October 31, 2013, BMO had more than 12 million customers and approximately 45,500 full-time employees. The Bank also maintained approximately 1,560 bank branches in Canada and the United States and operated internationally in major financial markets and trading areas through our offices in 21 other jurisdictions, including the United States. BMO Financial Corp. (BFC) (formerly Harris Financial Corp.) is based in Chicago and wholly-owned by Bank of Montreal. BFC operates primarily through its subsidiary BMO Harris Bank N.A., which provides banking, financing, investing, and cash management services in select markets in the U.S. Midwest. BMO provides a full range of investment dealer services through entities, including BMO Nesbitt Burns Inc., a major fully integrated Canadian investment dealer, and BMO Capital Markets Corp., Bank of Montreal's wholly-owned registered securities dealer in the United States.

BMO conducts business through three operating groups: Personal and Commercial Banking (P&C), made up of Canadian P&C and U.S. P&C; Private Client Group Wealth Management; and BMO Capital Markets. Canadian P&C operates across Canada, offering a broad range of products and services, including banking, lending and treasury management. Operating predominately in the U.S. Midwest under the BMO Harris brand, U.S. P&C offers personal and commercial clients banking, lending, and treasury management products and services. Wealth Management serves a full range of client segments from mainstream to ultra-high net worth and institutional. It serves them by offering a range of wealth management products and solutions, including insurance products. Wealth Management operates in both Canada and the U.S. as well as in other global locations. BMO Capital Markets is a full service North American financial services provider that offers the following services to corporate, institutional, and government clients in Canada, the U.S., and select international locations: debt and equity underwriting and research, corporate lending and project financing, mergers and acquisitions, advisory services, securitization and treasury and market risk management. Corporate Services consists of Corporate Units and Technology and Operations (T&O). Corporate Units provide enterprise-wide expertise and governance support in a variety of areas, including strategic planning, risk management, finance, legal and compliance, marketing, communications, and human resources. T&O manages, maintains, and provides governance over information technology, operations services, real estate, and sourcing for the Bank.

For additional information regarding BMO's businesses, see pages 27 to 29 and 44 to 59 of the 2013 MD&A and Note 26 to the 2013 Financial Statements. We incorporate these pages and Note by reference.

Supervision and Regulation in Canada

Bank of Montreal's activities in Canada are governed by the Bank Act.

Under the Bank Act, a bank can operate its regular banking business as well as some additional activities, such as dealing with real property and various information services. A bank is restricted when it undertakes certain activities, including fiduciary activities, dealing in securities, insurance activities, and personal property leasing. For example, other than for authorized types of insurance, a bank may not offer insurance products through its branch system or bank website.

The Bank Act grants a bank broad power to invest in the securities of other corporations and entities, but limits substantial investments. Under the Bank Act, a bank generally has a substantial investment in a body corporate when (1) the bank and entities controlled by the bank beneficially own more than 10% of the voting shares of the body corporate or (2) the bank and entities controlled by the bank beneficially own shares representing more than 25% of the total shareholders' equity of the body corporate. A bank can have a substantial investment in entities that meet the substantial investment requirements as set out in Part IX of the Bank Act. In certain cases, the Minister of Finance or the Superintendent of Financial Institutions (Canada) (the Superintendent) must approve before making an investment.

The Superintendent is responsible to the Minister of Finance for administering the Bank Act. The Superintendent provides guidelines for disclosing a bank's financial information. The Superintendent must also examine each bank annually to ensure compliance with the Bank Act and that each bank is in sound financial condition. The Superintendent's examination report is submitted to the Minister of Finance.

Supervision and Regulation in the United States

In the United States, the activities of Bank of Montreal and its subsidiaries are supervised, regulated, and examined by regulatory and government agencies at the federal and state level. As a foreign bank, Bank of Montreal is subject to various U.S. laws and regulations, including the United States International Banking Act of 1978, the United States Bank Holding Company Act of 1956, and related regulations. The Board of Governors of the Federal Reserve System, including the Federal Reserve Banks (the Fed Board), and state banking regulators oversee the Bank of Montreal's branch and office operations in the United States. The Securities and Exchange Commission (the SEC), the Financial Industry Regulatory Authority, and state securities regulators regulate broker-dealer subsidiaries. The SEC and state securities regulators regulate registered investment advisor subsidiaries.

Bank of Montreal and its subsidiaries own two Federal Deposit Insurance Corporation (FDIC) insured depository institutions in the United States. These institutions engage in cash management, fiduciary activities, and commercial and retail banking. They are subject to laws and regulations and examination by the Office of the Comptroller of the Currency. The Federal Board generally needs to approve acquiring (a) more than 5% of voting shares, (b) control, or (c) all (or substantially all) of the assets of a bank holding company, bank, or savings association.

The Bank is also subject to the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act). The Dodd-Frank Act is broad in scope and the reforms include heightened consumer protection, regulating over-the-counter derivatives markets, restricting proprietary trading and sponsorship of private investment funds by banks (referred to as the Volcker Rule), imposing heightened prudential standards, and applying broader requirements to leverage and risk-based capital. The Dodd-Frank Act rulemaking is ongoing and will take effect over several years, making it difficult to anticipate the overall impact on BMO or the financial services industry as a whole. We monitor continually as this rulemaking evolves to ensure we are well-positioned to respond to and implement changes. We anticipate an increase in regulatory compliance costs and will focus on managing the complexity

and breadth of the regulatory changes.

The U.S. federal banking agencies, the SEC and the Commodity Futures Trading Commission have proposed rules to implement the Volcker Rule, which prohibits banking entities and their affiliates from certain proprietary trading and specified relationships with hedge funds and private equity funds. The agencies confirmed that banking entities currently have two years from July 21, 2012 to ensure their activities and investments conform.

Under the Dodd-Frank Act, most of the over-the-counter derivatives are now subject to a comprehensive regulatory regime. Certain derivatives are now required to be centrally cleared and traded on an exchange and are subject to reporting and business conduct requirements. National and international regulators are currently considering capital and margin requirements for derivatives.

The Fed Board has proposed a rulemaking draft (the Proposed Rule) that implements the Dodd-Frank Act's enhanced prudential standards and early remediation requirements for the U.S. operations of non-U.S. banks, such as BMO. The Proposed Rule would establish new requirements for risk-based capital, leverage limits, liquidity standards, risk-management framework, concentration and credit-exposure limits, resolution planning, and credit-exposure reporting.

BMO is currently assessing and preparing for the impact of these proposed rules on how we operate.

This Supervision and Regulation in the United States section contains forward-looking statements. Please see the Cautionary Statement on page 2.

International Supervision and Regulation

Outside Canada and the U.S., each of Bank of Montreal's branches, agencies and subsidiaries must comply with the regulatory requirements of the country or jurisdiction where it conducts business. In December 2009, the Basel Committee on Banking Supervision published two consultative reform documents entitled *Strengthening the resilience of the banking sector* and *International framework for liquidity risk, measurement, standards and monitoring*. The committee also released additional guidance in July and September 2010. The goal of these reforms is to strengthen the banking sector's capital and liquidity frameworks and to make banks more resilient in periods of stress. Collectively, these new global standards have been referred to as Basel III. Capital rules under Basel III took effect in January 2013, which means they applied to our regulatory capital in fiscal 2013. There is additional information on Basel III under the heading "Enterprise-Wide Capital Management—2013 Regulatory Capital Review and Basel III Regulatory Capital" on pages 62 to 64 of the 2013 MD&A, which we incorporate here by reference.

Competition

Canada's financial services industry is highly competitive. It includes 28 domestic banks and over 50 foreign bank subsidiaries, branches, and lending branches, as well as a multitude of trust companies, credit unions, online and full-service brokerages, investment dealers, life and property and casualty insurance companies, mutual fund dealers, and large mono-line financial institutions, among others. Bank of Montreal competes with most of these companies in some form in our different businesses. However, our range of services compares to those of the other four major Canadian banks, and they are our direct competitors in almost all our businesses and markets in Canada. Bank of Montreal was the fourth largest chartered bank in Canada in assets, equity, and market capitalization as of July 31, 2013, as well as in revenue for the 12-month period ending July 31, 2013. As of July 31, 2013, we were one of the largest banks in Canada and the U.S., ranking eighth by total assets, ninth by market capitalization, and twelfth by total equity (based on Canadian data as of or for the 12-month period ending July 31, 2013 and U.S. data as at or for the 12-month period ending June 30, 2013).

The five major banks play a prominent role in the Canadian banking system, each maintaining an extensive branch network, augmented by Automated Banking Machines, as well as telephone, internet, and mobile banking systems. Although the major banks offer reasonably similar products and services, they compete in the suite of products and services. They also compete in prices, service models, technology, and enter into partnerships and alliances, in the hope of gaining a strategic advantage and serving customers better. Increased competition is also evident in the drive for scale and operating efficiencies. The industry is considered mature but growing moderately, supported by an overall focus on productivity and immigration. In recent years, Canada's banks have focused more on their retail and commercial banking businesses.

Our Canadian P&C banking business is one of the top five in Canada in all core product areas, with an approximate 11% share of personal lending and an approximate 11% share of personal deposits. Working with BMO's other operating groups, Canadian P&C serves the financial needs of more than seven million customers. Canadian P&C has been particularly successful in mid-market commercial banking, with a number two market share of about 20% for business loans of \$5 million and below.

In Canada, Wealth Management competes with domestic banks, trust companies, global private banks, investment counselling firms, and mutual fund companies. Wealth Management's Canadian businesses have strong brand recognition and market position. Wealth Management has a strong market share in each of its full-service brokerage, online brokerage, and private banking businesses and has a family of exchange-traded funds. In fiscal 2013, The Globe and Mail ranked BMO InvestorLine third overall and first among bank-owned online brokerages for the second consecutive year in the paper's annual online brokerage rankings. In the U.S., Wealth Management competes primarily in the private banking and asset management sectors, with our strategic presence in the Chicago and Milwaukee area and in select high-growth wealth management markets across the country.

BMO Capital Markets operates in a highly competitive environment and our businesses face a diverse range of competitors. Our success is based on a stable and integrated North American platform with a complementary international presence; leading expertise and relationships in strategic sectors and products that facilitate client acquisition across a full product suite; a unique ability to serve U.S. mid-capitalization clients and strong risk management practices.

Competition in the U.S. is more complex than in Canada, given the market's size and activity, as well as personal and commercial banking competitors at the community, regional, and national level, plus other financial service providers. U.S. P&C has a significant footprint in eight states, primarily in six neighbouring states (Illinois, Wisconsin, Indiana, Minnesota, Missouri and Kansas). As revenue growth remains constrained in the low interest rate environment, banks are focusing on expense controls to improve financial performance. The marketplace remains dynamic and highly competitive as banks compete on pricing for both loans and deposits to maintain and increase market share. We continue to execute on our customer-focused growth strategy and commercial sector expertise while focusing on cost management.

Consolidation has been underway in the financial services industry in Canada and the United States in recent years. This affects trust companies, mutual fund managers, life insurers, and credit unions. Canadian federal government policy discourages large banks from merging. It is uncertain whether this will change in the near future but further consolidation and increased competition in the financial services industry overall is likely.

Consolidation could significantly re-configure the future North American financial services landscape by widening the distinction between players at different levels.

Environmental, Social and Governance Issues

The Bank publishes an *Environmental, Social and Governance Report and Public Accountability Statement*, outlining how the Bank is addressing environmental, social, and governance issues. This report and other related information is available on the Bank's website, www.bmo.com, under the heading "Corporate Responsibility." Additional information about our environmental and social risks are under the heading "Enterprise-Wide Risk Management" beginning on page 77 of the Bank's 2013 Management's Discussion and Analysis.

DIVIDENDS

You can find information about the Bank's dividends paid or payable per share on the common shares and each outstanding series of preferred shares in each of the three most recently completed years under the heading "Share Capital" in Note 20 of the 2013 Financial Statements, which we incorporate here by reference.

We cannot declare dividends on our preferred or common shares if paying those dividends would contravene the capital adequacy, liquidity, or other regulations under the Bank Act. Also, we cannot pay common share dividends unless we have paid all dividends declared and payable on the Bank's preferred shares or set aside sufficient funds to do so. The Board of Directors determines the amount and payment of future dividends. These depend on the Bank's operations, financial condition, cash requirements, future regulatory restrictions on the payment of dividends, and other factors the board of directors finds relevant. You can find information about our dividends and our dividend payout range on page 65 of the 2013 MD&A, which we incorporate here by reference.

DESCRIPTION OF CAPITAL STRUCTURE

The following summarizes certain provisions of our common and preferred shares. This summary is qualified in its entirety by the actual terms and conditions of such shares. For more detail on the Bank's capital structure, see pages 61 to 65 of the 2013 MD&A and Notes 20 and 21 of the 2013 Financial Statements. We incorporate those pages and Notes that apply by reference.

Description of Common Shares

The authorized capital of the Bank includes an unlimited number of common shares without nominal or par value for unlimited consideration. The holders of common shares are entitled to:

- (i) Vote at all Bank shareholders meetings, except for meetings where only holders of a specified class or series of shares are entitled to vote.
- (ii) Receive dividends as and when declared by the Board of Directors, subject to the preference of the Bank's holders of preferred shares.
- (iii) Receive the remaining property of the Bank if it is liquidated, dissolved, or wound up, only after paying the Bank's holders of preferred shares and paying all outstanding debt.

Description of Preferred Shares

The authorized capital of the Bank includes an unlimited number of Class A Preferred Shares and Class B Preferred Shares without nominal or par value, in series, for unlimited consideration. Class B Preferred shares may be issued in a foreign currency. The following describes certain general terms and conditions of the preferred shares.

Certain Conditions of the Class A Preferred Shares as a Class

Issuable in Series

From time to time, the Board of Directors may resolve to issue Class A Preferred Shares in one or more series with rights, privileges, restrictions, and conditions, which the Board of Directors may also decide. As of December 1, 2013, there were no outstanding Class A Preferred Shares.

The Class A Preferred Shares of each series rank equally to all other series of Class A and Class B Preferred Shares and are entitled to preference over the common shares and over any other shares ranking junior to the Class A Preferred Shares and the Class B Preferred Shares with respect to the payment of dividends and in the distribution of property in the event of the liquidation, dissolution or winding up of the Bank.

Creating and Issuing Shares

Under the Bank Act, we need approval from the holders of Class A Preferred Shares to create any other class of shares with equal or superior rank to Class A Preferred Shares. Shareholders must give this approval as set out below in "Shareholder Approvals." The Bank Act and other laws may also require other forms of approval.

We do not require shareholder approval to create or issue additional Class A Preferred Shares or shares of equal rank if, on the date they are created or issued, we have declared and paid or set apart for payment all dividends payable on cumulative and non-cumulative Class A Preferred Shares, including for the most recently completed fiscal period.

Voting Rights

The holders of the Class A Preferred Shares can only vote as a class on certain matters (see below) or as the law requires.

Shareholder Approvals

Holders of the Class A Preferred Shares can approve a resolution if 66 ²/₃% or more holders casting vote in favour of doing so at a meeting where the majority of Class A Preferred Shares is represented, or if no quorum is present at such a meeting, at any adjourned meeting at which no quorum requirements apply.

Certain Conditions of the Class B Preferred Shares as a Class

Issuable in Series

From time to time, the Board of Directors may resolve to issue Class B Preferred Shares in one or more series with rights, privileges, restrictions, and conditions, which the Board of Directors may also decide.

The Class B Preferred Shares of each series rank equally to all the other series of Class B and Class A Preferred Shares, are entitled to preference over the common shares and any other shares ranking junior to the Class A Preferred Shares and the Class B Preferred Shares with respect to the payment of dividends and in the distribution of property in the event of the liquidation, dissolution or winding up of the Bank.

Creating and Issuing Shares

Under the Bank Act, we need approval from holders of Class B Preferred Shares to create any other class of shares with equal or superior rank to Class B Preferred Shares. The Bank Act or other laws may also require other forms of approval.

We do not require shareholder approval to create or issue additional Class B Preferred Shares or shares of equal rank if, on the date they are created or issued, we have declared and paid or set apart for payment all dividends payable on cumulative and non-cumulative Class B Preferred Shares, including for the most recently completed fiscal period. As of December 1, 2013, there were no outstanding Class B Preferred Shares with the right to cumulative dividends.

Voting Rights

The holders of the Class B Preferred Shares only have voting rights as a class on certain matters (see below) or as the law requires.

Shareholder Approvals

Holders of the Class B Preferred Shares can give their approval if 66 ²/₃% or more holders casting vote in favour of doing so at a meeting where the majority of Class B Preferred Shares is represented, or if no quorum is present at such meeting, at an adjourned meeting at which no quorum requirements apply.

Restraints on Bank Shares under the Bank Act

The Bank Act restricts the beneficial ownership of shares of a bank. No person may be a major shareholder of a bank if the bank has equity of \$12 billion or more, which applies to the Bank. A major shareholder is defined as a person, or group of persons under common control or acting jointly or in concert, that beneficially owns more than 20 per cent of any class of voting shares or more than 30 per cent of any class of non-voting shares of the bank.

In addition, no person may have a significant interest in any class of shares of a bank, including the Bank, unless the person first receives the approval of the Minister of Finance (Canada). A person has a significant interest in a class of shares of a bank when the person, or group of persons under common control or acting jointly or in concert, beneficially owns more than 10% of any class of shares of the bank.

Governments and their agents are also restricted from being issued shares of a bank, except for certain cases that require the Minister of Finance's consent.

Ratings

The following table sets out ratings the Bank has received for its outstanding securities from the rating agencies, which are current as of October 31, 2013.

Notes: ¹ Rank, according to each rating agency's public website, refers to the assigned ratings ranking of all major assignable ratings for each debt or share class, 1 being the highest. Each assignable major rating may be modified further (+/-, high/low) to show relative standing within the major rating categories.

A definition of the categories of each rating as of December 1, 2013 from each rating agency's website is outlined in Appendix II. Further information may be obtained from the applicable rating agency.

The credit ratings that external rating agencies assign to some of our securities are important to our ability to raise capital and funding to support our business operations. Maintaining strong credit ratings allows the Bank to access capital markets at competitive pricing. If our credit ratings are downgraded materially, our cost of funding will likely increase significantly, and we could have less access to funding and capital through capital markets. It could also have other consequences, including those set out in Note 10 of the 2013 Financial Statements.

Credit ratings are not recommendations to purchase, hold, or sell securities and do not address the market price or suitability of a specific security for a particular investor. Credit ratings may not reflect the potential impact of all risks on the value of securities. In addition, real or anticipated changes in the rating assigned to a security will generally affect the market value of that security. We cannot know for certain that a rating will remain in effect for any given period of time or that a rating agency will not revise or withdraw it entirely in the future.

As usual, the Bank paid fees to credit rating agencies to obtain its credit ratings and expects to pay similar fees in the future. The Bank may also pay fees for other services from credit rating agencies in the ordinary course of business.

To the knowledge of the Bank, as of October 31, 2013, the directors and executive officers of Bank of Montreal, as a group, beneficially owned, directly or indirectly, or exercised control or direction over an aggregate of 720,652 of Bank of Montreal's common shares, representing approximately 0.1% of Bank of Montreal's issued and outstanding common shares.

Additional Disclosure for Directors and Executive Officers

To the Bank's knowledge, no director or executive officer of the Bank:

- (a) is, as at December 3, 2013, or was, within the 10 years before, a director, chief executive officer or chief financial officer of any company (including the Bank):
 - (i) subject to an order (including a cease trade order or an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation for a period of more than 30 consecutive days), that was issued while the director or executive officer was acting in the capacity as director, chief executive officer or chief financial officer; or
 - (ii) subject to an order (including a cease trade order or an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation for a period of more than 30 consecutive days) that was issued after the director or executive officer ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer;

- (b) is, as at December 3, 2013, or has been, within the 10 years before, a director or executive officer of any company (including the Bank), that while that person was acting in that capacity or within a year of the person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (c) has, within the 10 years before December 3, 2013, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director or executive officer;

Except for the following:

Mr. Orsino, a director of the Bank, was a director of CFM Corporation from July 2007 until his resignation in March 2008. In April 2008, CFM Corporation filed for protection under the CCAA.

To the Bank's knowledge, none of our directors or executive officers have been subject to: (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making an investment decision.

LEGAL PROCEEDINGS AND REGULATORY ACTIONS

A description of certain legal proceedings to which the Bank is a party appears under the heading "Legal Proceedings" in Note 28 of the 2013 Financial Statements.

In the ordinary course of business, certain subsidiaries of the Bank are assessed fees or fines by a Canadian securities regulatory authority in relation to administrative matters, including late filings or reporting, which may be considered penalties or sanctions pursuant to Canadian securities regulations but which are not, individually or in the aggregate, material to the Bank. In addition, the Bank and its subsidiaries are subject to numerous regulatory authorities around the world, and accordingly fees, administrative penalties, settlement agreements and sanctions may be categorized differently by certain regulators.

TRANSFER AGENT AND REGISTRAR

The registrar and transfer agent for the Bank's common and preferred shares is Computershare Trust Company of Canada. This agent has transfer facilities in Halifax, Montreal, Toronto, Winnipeg, Calgary and Vancouver. In addition, Computershare Investor Services PLC in London, England and Computershare Trust Company, N.A. in Golden, Colorado are registrars and transfer agents for common shares.

INTERESTS OF EXPERTS

The Bank's Shareholders' Auditors are KPMG LLP, who have prepared the Shareholders' Auditors' Reports on pages 123 and 124 of the 2013 Financial Statements. KPMG LLP have confirmed that they are independent with respect to the Bank and within the meaning of the relevant rules and related interpretations prescribed by the relevant professional bodies in Canada and any applicable legislation or regulation, and that they are independent accountants with respect to the Bank under all relevant United States professional and regulatory standards.

AUDIT AND CONDUCT REVIEW COMMITTEE INFORMATION

Composition of the Audit and Conduct Review Committee

The following seven members make up the Bank's Audit and Conduct Review Committee: Philip Orsino (Chair), Jan Babiak, Sophie Brochu, Ronald Farmer, Bruce Mitchell, and Martha Piper. The Committee's responsibilities and duties are set out in the Committee's charter. We include the charter in Appendix I to this Annual Information Form.

The Board of Directors believes that the members of the Audit and Conduct Review Committee reflect a high level of financial literacy and expertise. Each member of the Audit and Conduct Review Committee is "independent" and "financially literate" according to the definitions under Canadian and United States securities laws and the NYSE corporate governance listing standards. In addition, the Board considers Mr. Orsino and Ms. Babiak "Audit Committee Financial Expert[s]" as defined under United States securities laws. The Board bases these decisions on each Committee

member's education and experience. The following paragraphs describe the relevant education and experience of each Committee member:

Mr. Orsino has a B.A. from University of Toronto and is a Fellow of the Institute of Chartered Accountants. He is the President and Chief Executive Officer of Jeld-Wen Inc., a global integrated manufacturer of building products. He was formerly President and CEO of Masonite International Corporation until October 2005, which was listed on the TSX and NYSE. Mr. Orsino was appointed an Officer of the Order of Canada in 2004 and received the 2003 Canada's Outstanding CEO of the Year Award.

Ms. Babiak holds a B.B.A. in accounting from the University of Oklahoma and an M.B.A. from Baldwin Wallace University. She is a Chartered Accountant in the United Kingdom and a Certified Public Accountant in the United States. Ms. Babiak serves on the boards of other public and private companies and was formerly a Managing Partner at Ernst & Young LLP.

Ms. Brochu is a graduate in economics from Université Laval and is the President and Chief Executive Officer of Gaz Métro, part of Valener Inc., a publicly traded company. Ms. Brochu also serves on the board of another Canadian public company.

Mr. Farmer holds a B.A. and an M.B.A. from The University of Western Ontario. He is Managing Director of Mosaic Capital Partners, a holding company with interests in several private companies. Before joining Mosaic in 2003, Mr. Farmer spent 25 years with McKinsey & Company, including acting as Managing Partner of the Canadian practice from 1991 to 1997. He currently serves on the boards of several public and private companies.

Mr. Mitchell holds an MBA from Harvard University and is the founder, President and Chief Executive Officer of Permian Industries Limited, a management and holding company. He has served on the boards of Ridley College, a private university preparatory school, and UNICEF Canada.

Dr. Piper received a B.Sc from the University of Michigan, an M.A. from the University of Connecticut, and a Ph.D from McGill University. She served as President and Vice-Chancellor of The University of British Columbia from 1997 to June 2006. Dr. Piper also serves on the boards of other Canadian public companies.

- 1.3.3 reviewing the quarterly report of the Chief Auditor, together with management's response;
- 1.3.4 reviewing any other reports submitted to the Committee by the Chief Auditor; and
- 1.3.5 communicating directly with the Chief Auditor and participating in his or her initial and ongoing engagement and evaluation.

1.4 Shareholders' Auditors

- 1.4.1 reviewing and evaluating the qualifications, performance and independence of the Shareholders' Auditors and the lead auditor;
- 1.4.2 reviewing Shareholders' Auditors' audits with the Shareholders' Auditors, the Chief Auditor, and management including:
 - (i) the Shareholders' Auditors' evaluation of the Bank's internal control over financial reporting;
 - (ii) the degree of cooperation the Shareholders' Auditors received from management; any problems or difficulties experienced by the Shareholders' Auditors in conducting the audit, including management's responses, any restrictions imposed by management or significant accounting issues on which there was a disagreement with management;
 - (iii) the existence of problems or potential problems related to accounting and auditing matters;
 - (iv) the appropriateness and quality of all critical accounting policies and practices used by the Bank and of the selection of new policies and practices; and
 - (v) any material judgments that have been discussed with management, the ramifications of their use and the Shareholders' Auditors' preferred treatment, as well as any other material communications with management;
 and advising the Board of these matters as considered appropriate;
- 1.4.3 overseeing the resolution of any disagreements between the Shareholders' Auditors and management;
- 1.4.4 reviewing all material correspondence between the Shareholders' Auditors and management related to audit findings;
- 1.4.5 reviewing the Shareholders' Auditors' report under Section 328 of the *Bank Act* (Canada);
- 1.4.6 obtaining and reviewing a report from the Shareholders' Auditors at least annually addressing: (i) the Shareholders' Auditors' internal quality control procedures; (ii) any material issues raised by the most recent internal quality-control review or peer review of the Shareholders' Auditors, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more audits carried out by the Shareholders' Auditors; (iii) any steps taken to deal with any such issues; (iv) the Shareholders' Auditors' internal procedures to ensure independence; and (v) delineating all relationships between the Shareholders' Auditors and the Bank;
- 1.4.7 reviewing any notices required to be delivered to the Committee by the Shareholders' Auditors and taking such action and making recommendations to the Board as appropriate;
- 1.4.8 reviewing the terms of the Shareholders' Auditors' engagement, the annual audit plan and total fees payable and making recommendations to the Board as appropriate;
- 1.4.9 requiring the Shareholders' Auditors to confirm annually, in writing, that they are independent in accordance with applicable independence rules and report directly to the Committee, as representatives of the Bank's shareholders;
- 1.4.10 reviewing and approving the Bank's Auditor Independence Corporate Policy;
- 1.4.11 pre-approving all audit services and permitted non-audit services by the Shareholders' Auditors;
- 1.4.12 reviewing and approving the Bank's policies for hiring current or former partners or employees of the current or former Shareholders' Auditors and reviewing the Shareholders' Auditors' partner rotation; and
- 1.4.13 recommending to the Board the appointment or termination of the Shareholders' Auditor.

1.5 Finance, Legal and Regulatory Compliance Functions

- 1.5.1 reviewing and jointly, with the Human Resources Committee, recommending to the Board the respective appointment or change of the Chief Financial Officer (the "CFO"), the General Counsel and the Chief Compliance Officer (the "CCO") and annually reviewing and approving (i) their respective mandates; and (ii) the organizational structure and resources of the finance, legal and compliance functions and assessing their effectiveness having regard to their respective roles as independent control functions; and
- 1.5.2 reviewing the results of periodic independent reviews of the finance and compliance functions.

1.6 Risk Management

- 1.6.1 monitoring the Bank's major financial risk exposures, the policies implemented and the steps management has taken to monitor and control such exposures; and
- 1.6.2 reviewing any investments or transactions that could adversely affect the wellbeing of the Bank as the Shareholders' Auditors or any other officer of the Bank may bring to the Committee's attention.

1.7 Legal and Regulatory Compliance

- 1.7.1 reviewing, with the Bank's General Counsel and the Chief Compliance Officer, the adequacy and effectiveness of the Bank's enterprise compliance program and the results of related monitoring and oversight activities;
- 1.7.2 reviewing an annual report on significant litigation matters and reviewing quarterly any material developments;
- 1.7.3 reviewing and approving the Bank's Anti-Money Laundering and Terrorist Financing Program framework, including key policies and any significant amendments;
- 1.7.4 meeting, at least annually, with the Chief Anti-Money Laundering Officer and the Chief Auditor to review their respective reports on the Anti-Money Laundering/Anti-Terrorist Financing Program;
- 1.7.5 meeting annually with representatives of OSFI as a Committee or as part of the Board, to receive OSFI's report on the results of its annual examination of the Bank; and
- 1.7.6 reviewing any other relevant reports of regulators to the Bank and any required action by management.

1.8 Business Conduct, Sustainability and Ethics

- 1.8.1 reviewing and recommending for Board approval, *FirstPrinciples*, the Bank's Code of Business Conduct and Ethics and reviewing and approving the Bank's Disclosure, Anti-Corruption and Anti-Money Laundering and Terrorist Financing Policies;
- 1.8.2 approving any exceptions from *FirstPrinciples*, as appropriate;
- 1.8.3 reviewing reports to the Committee relating to employee conduct;
- 1.8.4 establishing and reviewing procedures for the receipt, retention and treatment of complaints received by the Bank regarding accounting, internal control over financial reporting or auditing matters; and the confidential anonymous submission of concerns by employees of the Bank regarding questionable accounting or auditing matters;
- 1.8.5 reviewing quarterly reports relating to employee concerns received through the Office of the Ombudsman;
- 1.8.6 reviewing reports to the Committee on environmental, social and governance issues;
- 1.8.7 reviewing any "up the ladder" report received by the Committee in accordance with written procedures adopted by the Committee. The Bank's "up the ladder" procedure, adopted by the Bank's Legal Group, sets out reporting protocols that comply with s.307 of the *Sarbanes Oxley Act of 2002* for the Bank's lawyers in the event of a material violation of certain laws; and
- 1.8.8 determining the necessity of, and overseeing any, investigations in connection with any "up the ladder" report.

1.9 Aircraft and Chief Executive Officer Expense Accounts

- 1.9.1 reviewing, on an annual basis, the report on Bank aircraft and Chief Executive Officer expense accounts; and
- 1.9.2 The chair of the Committee will review, on a quarterly basis, the report on Chief Executive Officer expense accounts.

1.10 Self Dealing

- 1.10.1 reviewing the effectiveness of self-dealing identification and procedures established by management for related and affected parties and monitoring compliance with applicable laws;

- 1.12.5 reviewing reports to the Committee relating to disclosure of information to customers and complaints.

**PART II
COMPOSITION**

2.1 Members

- 2.1.1 The Committee will consist of three or more directors as determined by the Board. At least a majority of the members of the Committee will not be "affiliated" with the Bank for the purposes of the *Bank Act* (Canada). Each member of the Committee will be: (i) a director who is not an officer or employee of the Bank or an affiliate of the Bank; and (ii) "independent" for the purposes of applicable Canadian and United States securities laws and the New York Stock Exchange Rules.
- 2.1.2 Each member of the Committee will be Financially Literate (or be willing and able to acquire the necessary knowledge within a reasonable period of time) and the Committee will have at least one Audit Committee Financial Expert. Members of the Committee will not serve on more than three public company audit committees without the approval of the Board. Members of the Committee may not receive any compensation from the Bank other than director and committee fees and fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service (provided such compensation is not contingent in any way on continued service).
- 2.1.3 The Board will, having considered the recommendation of the Governance and Nominating Committee, appoint the members of the Committee and the chair of the Committee annually following the meeting of the shareholders at which directors are elected each year. Each successor to the chair will be designated by the Board, having considered the recommendation of the Governance and Nominating Committee, at least three months prior to the anticipated date of retirement of the chair. The Board may appoint a member to fill a vacancy which occurs in the Committee between annual elections of directors and increase the number of Committee members as it determines appropriate. If a member of the Committee becomes "affiliated" with the Bank for the purposes of the *Bank Act* (Canada), the member may continue as a member of the Committee with the approval of the Governance and Nominating Committee, in consultation with the Bank's General Counsel. Any member of the Committee may be removed or replaced at any time by the Board.

**PART III
COMMITTEE PROCEDURE**

3.1 Meetings

- 3.1.1 The Committee will meet as frequently as it determines necessary but not less than once each quarter. Meetings may be called by the chair of the Board, the chair of the Committee or any two members of the Committee. The chair of the Committee must call a meeting when requested to do so by any member of the Committee, the Shareholders' Auditors, the Chief Auditor, the Chairman of the Board, the Chief Executive Officer, the Chief Financial Officer or the General Counsel.
- 3.1.2 Notice of the time and place of each meeting of the Committee, other than *ad hoc* meetings, will be given to each member of the Committee and the Shareholders' Auditors, not less than 48 hours before the time when the meeting is to be held. A quorum of the Committee will be a majority of its members. The powers of the Committee may be exercised at a meeting at which a quorum of the Committee is present and at which a majority of the members present are resident Canadians and attending in person or by telephone or other electronic means. Each member is entitled to one vote in Committee proceedings.
- 3.1.3 Notice of the time and place of *ad hoc* meetings will be given to each member not less than two hours before the time when the meeting is to be held.
- 3.1.4 The chair will preside at all meetings of the Committee at which he or she is present and will, in consultation with the Chief Financial Officer, Chief Auditor, Shareholders' Auditors, and the General Counsel develop the agenda for each Committee meeting. The agenda for each meeting of the Committee, other than *ad hoc* meetings, will be delivered to each member of the Committee at least 48 hours prior to any meeting of the Committee, together with such other materials as the chair determines necessary. The chair will designate from time to time a person who may be, but need not be, a member of the Committee, to be secretary of the Committee. Minutes will be kept of all meetings of the Committee and will be maintained by the secretary of the Committee.
- 3.1.5 The procedure at meetings is to be determined by the Committee unless otherwise determined by the By-Laws of the Bank, by a resolution of the Board or by this Charter.
- 3.1.6 The Committee will meet at least quarterly in separate private sessions with the Chief Auditor and Shareholders' Auditors, and as appropriate with management including the Chief Financial Officer, General Counsel, Chief Compliance Officer and Chief Anti-Money Laundering Officer. After such sessions, the Committee will also meet with only members of the Committee present. The Committee may invite any director, officer or employee of the Bank or the Bank's counsel or Shareholders' Auditors or any other person, as appropriate, to attend meetings of the Committee to assist in the discussion and examination of the matters under consideration by the Committee. The Shareholders' Auditors will, at the expense of the Bank, be entitled to attend and be heard at any meeting of the Committee.

3.2 Reports

- 3.2.1 The Committee will report the proceedings of each meeting and all recommendations made by the Committee at such meeting to the Board at the Board's next meeting. The Committee will make such recommendations to the Board as it may deem appropriate. The Committee will also prepare the report of the Committee to be included in the Bank's information circular and such other reports relating to the activities of the Committee as may be required by the Bank or the Board from time to time. In addition, the Committee will prepare and submit to the Board for its review and approval the report required to be submitted by the Board to OSFI within 90 days after the financial year-end of the Bank concerning the activities of the Committee during the year in carrying out its conduct review responsibilities.

3.3 Access to Management and Outside Advisors and Continuing Education

- 3.3.1 The Committee will have full, free and unrestricted access to management and employees, the Chief Auditor and to the Shareholders' Auditors. The Committee has the authority to engage independent legal counsel, consultants or other advisors, with respect to any issue or to assist it in fulfilling its responsibilities without consulting or obtaining the approval of any officer of the Bank. The Bank will provide appropriate funding, as determined by the Committee, for the payment of: compensation to the Shareholders' Auditors engaged for the purpose of preparing or issuing an auditor's report or performing the audit, review or attest services for the Bank; compensation to any advisors employed by the Committee; and ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.
- 3.3.2 The Committee will have access to continuing education programs to assist the Committee in fulfilling its responsibilities and the Bank will provide appropriate funding for such programs.

3.4 Annual Review and Assessment

- 3.4.1 An annual review and assessment of the Committee's performance and effectiveness, including a review of its compliance with this Charter, will be conducted in accordance with the process developed by the Board's Governance and Nominating Committee and approved by the Board. The results thereof will be reported in accordance with the process established by the Board's Governance and Nominating Committee and approved by the Board.
- 3.4.2 The Committee will review and assess the adequacy of this Charter on an annual basis taking into account all legislative and regulatory requirements applicable to the Committee as well as any best practice guidelines recommended by regulators or stock exchanges with whom the Bank has a reporting relationship and, if appropriate, will recommend changes to the Board's Governance and Nominating Committee.

"**Shareholders' Auditors**" mean the independent financial statement auditors of the Bank.

APPENDIX II

CREDIT RATING CATEGORIES

(a) DBRS Limited (“DBRS”)

DBRS has different rating scales for short-term debt, long-term debt and preferred shares. Every DBRS rating is based on quantitative and qualitative considerations relevant to the issuer and the relative ranking of claims.

The DBRS short-term debt rating scale provides an opinion on the risk that an issuer will not meet its short-term financial obligations in a timely manner. The R-1 and R-2 rating categories are further denoted by the subcategories “high”, “middle” and “low”. The R-1(high) rating assigned to the Bank’s short-term instruments is the highest of six rating categories; this rating is of the highest credit quality and the capacity for the payment of short-term financial obligations as they fall due is exceptionally high; unlikely to be adversely affected by future events.

The DBRS long-term rating scale provides an opinion on the risk of default. That is, the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which the obligations have been issued. All rating categories other than AAA and D also contain subcategories “(high)” and “(low)”. The absence of either a “(high)” or “(low)” designation indicates the rating is in the middle of the category. The AA rating assigned to the Bank’s deposits and senior debt and AA (low) rating assigned to its subordinated debt are the second highest of the ten rating categories. Long-term financial obligations rated AA are of superior credit quality and capacity for the payment of financial obligations is considered high; credit quality differs from AAA only to a small degree; unlikely to be significantly vulnerable to future events.

The DBRS preferred share rating scale is used in the Canadian securities market and is meant to give an indication of the risk that a borrower will not fulfill its full obligations in a timely manner, with respect to both dividend and principal commitments. Each rating category is denoted by the subcategories “high” and “low”. The absence of either a “high” or “low” designation indicates the rating is in the middle of the category. The Pfd-1 (low) rating assigned to the Bank’s preferred shares is the highest of six rating categories. It indicates that the preferred shares are of superior credit quality, and are supported by entities with strong earnings and balance sheet characteristics.

The “Stable” rating trend indicates that the rating is not likely to change.

(b) Standard & Poor’s (“S&P”)

S&P has different rating scales for short-term debt, long-term debt and preferred shares. S&P short-term issue credit ratings are generally assigned to those obligations considered short-term in the relevant market. Short-term ratings are also used to indicate the creditworthiness of an obligor with respect to put features on long-term obligations. The A-1 rating assigned to the Bank’s short-term instruments is the highest of seven rating categories for short-term debt and indicates S&P’s view that the Bank’s capacity to meet its financial commitments on these obligations is strong.

S&P long-term issue credit ratings are based, in varying degrees, on the following considerations: likelihood of payment - capacity and willingness of the obligor to meet its financial commitment on an obligation in accordance with the terms of the obligation; nature of and provisions of the obligation; and protection afforded by, and relative position of, the obligation in the event of bankruptcy, reorganization, or other arrangement under the laws of bankruptcy and other laws affecting creditors’ rights. The A+ rating assigned to the Bank’s long-term deposits and senior debt is the third highest of ten categories for long-term issuer credit ratings. The BBB+ rating assigned to the Bank’s subordinated debt issues is the fourth highest of ten categories. A BBB+ rating indicates that the obligor’s capacity to meet its financial commitment is adequate, however, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity to meet its financial commitments than obligations in higher-rated categories. Ratings from AA to CCC may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

Rating outlook assesses the potential direction of a long-term credit rating over the intermediate term (typically six months to two years). In determining a rating outlook, consideration is given to any changes in the economic and/or fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future CreditWatch action.

An S&P preferred share rating on the Canadian scale is a forward-looking opinion about the creditworthiness of an obligor with respect to a specific preferred share obligation issued in the Canadian market, relative to preferred shares issued by other issuers in the Canadian market. The Canadian scale rating is fully determined by the applicable global scale rating, and there are no additional analytical criteria associated with the determination of ratings on the Canadian scale. The Bank’s preferred shares have been assigned a BBB rating on S&P’s global rating scale and a P-2 rating on S&P’s Canadian national scale for preferred shares. The BBB rating category is the third highest of the nine categories on the global preferred share scale. The P-2 rating category is the second highest of the eight categories on the Canadian preferred share scale. A reference to “high”, “medium” or “low” reflects the relative strength within the rating category.

A “Stable” rating outlook means that a rating is not likely to change.

(c) Moody’s Investors Service (“Moody’s”)

Moody’s has different rating scales for short-term debt, long-term debt and preferred shares.

Ratings assigned by Moody’s, based on its global long-term and short-term rating scales, are forward-looking opinions of the relative credit risks of financial obligations issued by non-financial corporates, financial institutions, structured finance vehicles, project finance vehicles, and public sector

entities.

Moody's short-term ratings are assigned to obligations with an original maturity of 13 months or less and reflect the likelihood of a default on contractually promised payments. The P-1 rating assigned to the Bank's short-term instruments is the highest of four rating categories and indicates issuers (or supporting institutions) that have a superior ability to repay short-term debt obligations.

Moody's long-term ratings are assigned to issuers or obligations with an original maturity of one-year or more and reflect both on the likelihood of a default on contractually promised payments and the expected financial loss suffered in the event of default. The Aa3 rating assigned to the Bank's deposits and senior debt is the second highest of nine rating categories. Obligations rated Aa are judged to be of high quality and are subject to very low credit risk. The A3 rating assigned to the Bank's subordinated debt is the third highest of nine rating categories. Obligations rated A are judged to be of upper-medium grade and subject to low credit risk. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. The Baa2 rating assigned to the Bank's preferred shares is the fourth highest of nine categories.

Moody's Issuer Ratings are opinions of the ability of entities to honour senior unsecured financial counterparty obligations and contracts.

A Moody's rating outlook is an opinion regarding the likely direction of an issuer's rating over the medium term.

The rating outlook designation of "Stable" indicates a low likelihood of a rating change over the medium-term.

(d) Fitch

Fitch has different rating scales for short-term debt and deposits, senior debt and subordinated debt.

A short-term issuer or obligation rating is based on the short-term vulnerability to default of the rated entity or security stream and relates to the capacity to meet financial obligations in accordance with the documentation governing the relevant obligation. Short-Term Ratings are assigned to obligations whose initial maturity is viewed as "short term" based on market convention. The F1+ rating assigned to the Bank's short-term instruments is the highest of six rating categories and indicates the strongest intrinsic capacity for the timely payment of financial commitments. The added "+" denotes an exceptionally strong credit feature.

Long-term credit ratings are used as a benchmark measure of probability of default and are formally described as an Issuer Default Rating ("IDR"). IDRs opine on an entity's relative vulnerability to default on financial obligations. The AA- and A+ ratings assigned to the Bank's deposits and senior debt and to its subordinated debt, respectively, are the second and third highest of 10 rating categories for long-term debt, respectively. "AA" ratings denote expectations of very low default risk and indicate very strong capacity for payment of financial commitments; this capacity is not significantly vulnerable to foreseeable events. "A" ratings denote expectations of low default risk and the capacity for payment of financial commitments is considered strong; this capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. Within some of the rating levels, Fitch further differentiates the rankings by adding the modifiers "+" or "-" to denote relative status within major rating categories.

The "Stable" rating outlook means that the rating is not likely to change over a one to two-year period.
